HIGH QUALITY DRAWERS

FOR ALL COLLECTIONS

TOTALLY REMOVABLE, SOFT CLOSE...

The drawer interior of bathroom furniture is the basis of a furniture unit's functionality. It's easy to operate thanks to full-extension and soft closing. These are the basis of the quality drawers, which are complemented by the standard organisers and the protective and attractive base cover.

STAINLESS STEEL SIDES (LIKE IN THE BEST KITCHENS)

- **HETTICH HIGH RANGE** high-capacity drawer
- **Totally removable** and triple regulation
- With **organisers as standard** in all collections
- **New textil base**
- **Painting process** on the stainless-steel sides consists of a first layer applying colour, second layer with transparent epoxi which gives toughness and anti scratches, finishing in the oven, for a perfect dry off.
- **All collections** are made with this drawer

THERE IS NO GREATER PROFESSIONAL COMMITMENT THAN THE PERSONAL COMMITMENT

FROM CÓRDOBA

It is not infrequently that we spontaneously look back and see with surprise and pride that Avila Dos has experience in the furniture sector since 1962. What has allowed us to keep going against all odds?

Undoubtedly, the certainty that personal commitment is the best way to be.

We are a group of people passionate about what we do. We are aware that the path of evolution never ends.

We dedicate special attention to the choice of materials and details, because we are aware that everything contributes to create a quality product.

The deep knowledge of materials and the experience acquired over the years, allows us to apply new technologies to the bathroom, generating new ideas and technical design solutions for projects open to customization.

A handcrafted and flexible approach to the project allows the integration of

manual processes and an innovative industrial production system, developing the ability to change size, proportions, shape and composition, and allowing the union of the elements into new forms, capable of interpreting personal projects and requirements.

The world of the bathroom has taken a radical turn in recent years. It has gone from being a secondary room to become a priority, a space of intimacy and seclusion that requires a corresponding reflection.

Now, we can enjoy integrated or semi-integrated bathrooms in the suite, furniture solutions whose function goes beyond serving as a support for a countertop or sink.

Our team spends time and effort listening to what people need in order to develop appropriate solutions.

The bathrooms are manufactured entirely in Spain using only top quality materials so that the passage of time and humidity conditions do not affect the furniture in any way.

This catalog is a tool of help and inspiration of the thousands of possible proposals that you can make for a new project. You can find more information at <http://www.avilados.com>

A TEAM OF GOOD PEOPLE

Avila Dos is a company in which, above all, people matter. Those who work as a team to take a step forward every day, and those who trust in the brand and the product, we owe and to whom we are committed.

Today, the most important asset a company has is its people. The role of people in the business organization has evolved throughout the 20th century. At the beginning of the century, people were considered only as a labor force, but later, a new concept appeared, "Human Resources", which considered the individual as a resource to be managed in the company.

Today, this concept has evolved and with HR we talk about people (New People Models), motivation, talent, knowledge, creativity... and it is considered that the key factor of the organization are the people. People bring competitive advantages to the company, and we know that it is our team that makes possible for us to improve both, our working system and our products.

Within our internal team we have a commercial network that covers the whole peninsula and several sales departments abroad in countries such as France, United Kingdom, Portugal... And, among our administration staff, sales managers in the office will be able to deal with any queries or any language request of each country.

In recent years, we have been offering a new way of looking at our products. We want it to be an inspirational catalog that helps to better understand the bathroom; the room in the house that has evolved the most from an aesthetic and functional point of view in recent years. In addition to technological innovations new formal languages have opened up and brought this space previously neglected to the rest of the house.

This is why we are aware that we must help to understand and organize easily the request for a product. In this catalog, you will find in addition to many pages of inspiration, economic evaluations as well as sample pages that allow you to comfortably appreciate the materials we have used in all our products.

We hope you enjoy it and we are at your disposal to help you anytime.

OPTION OF "VISIBLE SIDES" WITH 19 MM OF THICKNESS

Bathroom furniture is made of a main structure, which we call the carcass with sides (that are visible or hidden) and fronts (drawers, doors, open compartments or combinations of all of them). Well, the option of visible sides can be very practical when there are problems of space for opening. It allows us to make the most of the space without making it impossible to make practical use of the furniture.

TOTALLY REMOVABLE, SOFT CLOSE...

The drawer interior of bathroom furniture is the basis of a furniture unit's functionality. It's easy to operate thanks to full-extension and soft closing. These are the basis of the quality drawers, which are complemented by the standard organisers and the protective and attractive base cover.

STAINLESS STEEL SIDES (LIKE IN THE BEST KITCHENS)

- **HETTICH HIGH RANGE** high-capacity drawer
- **Totally removable** and triple regulation
- With **organisers as standard** in all collections
- **New textil base**
- **Painting process** on the stainless-steel sides consists of a first layer applying colour, second layer with transparent epoxi which gives toughness and anti scratches, finishing in the oven, for a perfect dry off.
- **All collections** are made with this drawer

Organizers as standard in all collections.

PUERENESS OF WHITE

White is a colour that transmits more than we think, with it we can enhance sensations such as cleanliness, organisation and neatness, as well as recreating delicate and calm atmospheres, becoming our space of relaxation, a comfortable place with soft lines where we want to take care of ourselves and relax. As is the case with this design, in which the detail of the silver colour in the moulding and mirror frame makes it look more luxurious and elegant.

IMPORTANT:
The unit with 2 drawers and door carries under-sink drawer without organisers, the design does not allow for this. It only accepts centred or offset washbasins.

INFORMATION:
All modules for countertop basins, with the exception of those with a compact stone countertop, will be supplied closed at the top, and therefore already include the countertop on which the washbasins are placed.

DESIGN FOR TOUCHING

Two new front designs to look at and to touch. A collection of bathroom furniture to create an intimate and unique space for each person.

Our bathroom furniture unit is a treasure of our personal objects in the most private place in our home.

Sue Lux fronts offer 2 new designs design: PICOS, a fine and sharp texture and HILOS, the effect of the wet fabric of the Greek classics.

In all cases, the furniture is framed with the classic Sue Lux. The furniture can be configured as compact or modular units can be configured in combination shelves with exposed open box with shelf.

The units can be hung or supported on the new STILETTO base support, which gives the furniture a height and elegance which, once seen, is difficult to renounce.

VERSATILITY OF A SYSTEM

Sue Lux is a system with a unique and innovative design implicit in its DNA. The bathroom is currently a room that has grown in importance and which we dare say that in the future, it will be integrated into the rest of the spaces in the house. That is why we have thought of a modern design that can grow in the future.

AVILA DOS

GENERAL TECHNICAL CHARACTERISTICS

FIXING SYSTEM, HINGES, MATERIAL

All furniture of Stylish (Sue Lux) TRENDY (Advance, Novus, Loop), and ESSENTIALS (Carmen, Natalia, Paris, Slim, Marina and Araceli) collections have **DOUBLE FASTENING SYSTEM**.

FIBRALAC furniture fibre, with the highest quality and density on the market.

High quality for fastening hinges allows to have a very good varnished or lacquered finish.

All THE HINGES of the Stylish (Sue Lux) collections TRENDY (Advance, Novus, Loop), and ESSENTIALS (Carmen, Natalia, Paris, Slim, Marina and Araceli), are soft-close and automatic.

THE MOST ELEGANT AND RELIABLE DRAWER ON THE MARKET!

STAINLESS STEEL SIDES (LIKE IN THE BEST QUALITY KITCHENS)

- **High capacity drawers TOP RANGE HETTICH**
- **Total extraction**, soft close* and triple adjustment
- With **organisers as standard** in all collections
- **Textile drawer base**
- **The painting process** on the stainless steel sides consists of a first layer applying the colour, a second transparent epoxy layer, gives hardness and resistance (anti-scratch), finishing in the oven to dry.

* Soft close, cushioning

GENERAL TERMS AND CONDITIONS

Acceptance of an order by the buyer implies acceptance of these general terms and conditions of sale, unless otherwise agreed between the two parties by means of specific stipulations indicated in the acceptance of the order.

ORDERS:

- Orders must always be placed by e-mail.
- All orders received before 2 PM will be processed the same day they are received.
- We will be able to process modifications to an order, provided that we are notified within 24 hours of receipt of the order. If we receive a proposal for modification after this period, we will indicate the corresponding cost.
- Cancellation of standard orders. The company reserves the right to charge the costs, which will be between 20% and 40% of the value of the order.
- Cancellation of special orders. The charge will be between 50% and 85% of the value of the order, depending on the production level.

TRANSPORT:

- The goods are delivered to the door, without unpacking, assembly or installation.
- When receiving the order, it is necessary for the buyer to check the correct state of the packaging before signing the delivery note to the delivery company. In the event that any damage is observed due to transportation process, this must be stated on the delivery note, pictures must be taken and we must be notified within 24 hours, so that we can proceed to solve the incident.
- The lack of observations on the delivery note will mean that the buyer agrees with the state of the products received, and therefore no further claims for damage will be accepted if the procedure described above has not been followed.
- If for any justified reason, the customer should have to change the delivery address, he/she will have to do it by e-mail together with the order, otherwise, he/she will be responsible for the expenses of this request.
- In the case of not being able to deliver the goods, the customer will be responsible for the expenses caused by the storage in the transport agency, if he/she has not communicated in advance the impossibility of receiving the goods.
- In orders where the object is a mirror or a washbasin only, without including other products, there is an increase in transport and packaging depending on the size.

WARRANTY

- **WARRANTY** - AVILA DOS guarantees its products in accordance with the provisions of Directive 1999/44/EC and RD Legislative 1/2007 of 16 November on guarantees in the sale of consumer goods. This guarantee does not include damage resulting from transport, incorrect installation, manipulation or repairs, as well as damage due to natural wear and tear, mistreatment, incorrect, improper, abnormal or different from usual use and maintenance, knocks, falls, accidents or defects not attributable to manufacture. In the event of any dispute, both parties submit to the courts and tribunals of Lucena (Córdoba), expressly agreeing to renounce their own jurisdiction if they have it.

VARIOUS

- The Company reserves the right to modify, cancel or introduce any article without the need to expressly communicate it or to replace any material.
- The sale is always carried out under the clause of property right, by virtue of which, the materials supplied are our property, as long as they have not been paid for in total.
- This price list cancels and replaces the previous price list.
- VAT NOT INCLUDED.
